Dear Parents/Guardians,

Thank you for your interest in enrolling your child in St. Margaret's Regional School. This is the beginning of an educational journey to expand your child's academic, social and spiritual development.

We are called by our Mission Statement as a school community to be dedicated to the message of Jesus Christ, as handed down by the Catholic Church, and to educate our students to give witness to this message.

A completed application along with all required documentation noted must be received in full along with a \$50.00 non-refundable registration fee per child. The acceptance of students will be based upon the records received and the determination that the child and St. Margaret's is a compatible match for the future development of the child.

Based upon classroom size and space, a child may be placed upon a waiting list with preference given to the siblings of currently enrolled children.

Tuition for the 2009-2010 school year is \$3,675 for grades K-8. Information regarding tuition payment plans and financial assistance may be obtained from the Office of the Principal.

Enclosed are the information and registration forms for completion and return. Should you have any questions, please do not hesitate to call upon us. We look forward to hearing from you and to begin the educational journey with you and your child.

Best regards,

Paul J. Hudson
Principal
